

## Freddie

### Men's Polar Artic Fleece

With advanced Thinsulate technology, the Freddie jacket locks in your body heat, providing exceptional warmth without the bulk. Long sleeves and Vortex anti-pilling yarn ensure it lasts through countless shifts, while the 300g/m<sup>2</sup> thermal insulation keeps you protected from the cold without making you overheat.

Made from 100% Premium Polyester, it's super soft, breathable, and easy to care for—just toss it in the wash (up to 40°C), and it's good to go. Plus, it's got that sleek, durable vibe, perfect for healthcare professionals who demand both comfort and performance.

Color: Trust Navy
